A SPRING POEM. In the spring the whistler's bird...

the water. The egg cooks, more-over, thoroughly and from the inside. "Ask a physician or a trained nurse how to boil an egg so that its greatest nutriment and flavor shall be preserved. Either of them will tell you to put it in cold water. The old way of dropping the egg into boiling water has long been given up. It used to cook the egg suddenly and destroy its flavor.

121 Generations Since Adam's Time. Alfred Judson Fisher, the Chicago historian, has woven the highly interesting results of a genealogical investigation into "A Daughter of Adam," a short story which he has written for The Ladies' Home Journal. He traces the heroine of his romance in real life a well-known Philadelphia woman directly back to Adam, establishing with corroborative detail every link in the long genealogical chain. He brings to light the fact that there have been one hundred and twenty-one generations of the human family, beginning with Adam.

The "Irish Man" at the Wedding. An Irishman in West Denver went to a wedding the other night and when he showed up at work the next morning he had a black eye and there were several strips of court plaster on his face. Being asked what the trouble was, he said: "Well, I'll tell ya. I went to the wedding all right, and was enjoying myself to the hilt, but I was in a lather over one of those dudes who was strutting around in a swallow-tail coat like a peacock. 'And who are you?' sez I. 'Why, I'm the best man,' sez he and begorra he was."

A Bride is Never Nervous at the Altar. The humorous and unusual experiences in the life of a metropolitan clergyman are told by the Rev. David M. Steele, of New York City, who has just written about "some People I Have Married," for The Ladies' Home Journal. Mr. Steele declares that the prospective bride is always nervous until the time for the marriage ceremony, when she is calm and collected. The groom is exactly the reverse; always cool until he comes to face the clergyman, when his nerves invariably give way.

Evolution. A girl named plain "Mary" at her birth, dropped the "e" when she grew up and became Miss May. As she began to shine in her way she changed the "y" to "e" and signed her letters "Ma." About a year ago she was married, and now she has dropped the "e" and it's just plain "Ma." That's evolution.

"Say, mamma, how much am I worth?" "You are worth a million dollars to me, my son."

"Say, mamma, couldn't you advance me twenty-five cents." -Times.

Wait to Speak. One of the most common incidents in social life generally, and to which practically no special attention is paid, is that of the abrupt interruption by one person of another when speaking. There are many people—too many, who, when some impulse seizes them to say something will break into any conversation or narration that may be being carried on by another. These people seem to think that when they want to speak, everything else must give way, and it makes no difference to them whether they annoy or bore others by their practice or not. They do not know the polite art of listening respectfully, and they constitute a class of people who will never learn much because they seem to assume that they have the capacity of teaching others all there is to learn, or unwillingly scorn to learn anything from others. This habit is more common around the dining board or tea-table than anywhere else. There is not one hostess in ten who does not think it more important to ask a guest if he or she will have something at the table, than to wait a few seconds for the guest to finish something he or she may be saying; and how many of those are there who sit around the family table especially with her mother, and ask for something to be passed without regard to what is being said or who may be saying it? It is not time for Home Circles to be organizing a little reform in this matter.

Boil Eggs in Cold Water. "This egg tastes as if it had been boiled in hot water," said the emancipated young woman with the short hair. "I can always tell in a minute if an egg has been cooked in that way."

Her companion had not learned quite so many things and was quite satisfied with her egg. She only murmured softly: "I never heard of an egg boiled in cold water, did you?" "It is high time you were introduced to this institution," her friend continued, "and I am delighted to illuminate you even at the risk of arousing more of your sarcasm. An egg to be boiled properly for human consumption should be put into cold water and then placed over the fire. Then it cooks with

SEABOARD AIR LINE RAILWAY. The Capital City Line.

The Magnificent Through and Local Passenger Service between the East and South and Southwest.

The Seaboard Air Line Railway is called The Capital City Line, because it enters the Capitals of the States which it traverses, exclusive of the National Capital, through which it runs solid from New York to Jacksonville, and Tampa, Florida. It runs through Richmond, Va., Raleigh, N. C., Columbia, S. C., Atlanta, Ga., Montgomery, Ala., and Tallahassee, Fla. This road continues to run the famous Florida and Metropolitan Limited, and the Florida and Atlanta Fast Mail trains affording the most comfortable service daily, including Sunday, between New York and Florida, and is the shortest line between these points.

These splendidly modern trains of the Seaboard Air Line Railway arrive at, and depart from Pennsylvania Railroad stations at Washington, Baltimore, Philadelphia and New York, carrying Pullman's most improved equipment, with unexcelled dining car service, comfortable sleeping cars, and observation cars. It has Pullman service five times per week each way from Washington to that celebrated resort, Pinehurst, N. C.

It has the short line to and from Richmond, Norfolk, Portsmouth, Elizabeth, Southern Pines, Columbia, Savannah, Jacksonville, Tampa and Atlanta, and the principal cities between the South and East. It is also the direct route to Athens, Augusta and Macon.

In Atlanta, direct connections are made in the Union Station for Chattanooga, Nashville and Memphis, also for New Orleans and all points in Texas, California and Mexico.

In addition, it is the only line operating through trains, and Pullman sleeping cars between Atlanta and Norfolk, where connections are made with the Old Dominion Steamship Company, from New York, the M. & N. T. Company, from Boston and Providence, the Norfolk & Washington Steamship Company, from Washington, the Baltimore Steam Packet Company from Baltimore, and the N. Y. & N. R. Railway from New York and Philadelphia.

Through Pullman cars also operated on quick schedules between Jacksonville and St. Louis, via Monticello, and between Jacksonville and New Orleans, in addition to through trains with Buffet Chair Cars between Savannah and Montgomery.

The local train service is first class with most convenient schedules.

In fact the Seaboard Air Line Railway will ticket passengers for any points, affording the quickest schedules, finest trains, and most comfortable service. The 1,000 mile books sold at \$25.00, are good from Washington, D. C., over the entire system of 2,600 miles including Florida.

It is an American company, amenable only to our own laws and not subject to the dictation of various foreign governments.

It is not a race for new business, the watch words of the company being, Strength, Solidity and Security.

Its policies are simple, clean, straightforward contracts. Its management has been practically the same for a quarter of a century.

It has paid its policyholders since organization over \$45,000,000.00.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste and impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or uneasy heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swallow-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar bottles.

You may have a sample bottle by mail. Send to Dr. Kilmer, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., P.O. Box 539, New York, N. Y.

Men can be cured privately and positively at home of all weakness and disease. Write for free book to Dr. J. N. Hathaway, 223 S. Broad St., Atlanta, Ga.

Dr. E. Detchman's Anti-Morose.

May be worth to you more than \$100 if you have a child who soils bedding from incontinence of bowels during sleep. Cures old and young alike. It arrests the trouble at once. \$1. Sold by Henry T. Hicks, Druggist.

DISTRESSING STOMACH DISEASE.

Permanently cured by the masterly power of "SOUTH AFRICAN NERVINE TONIC." Invalids need suffer no longer, because this great remedy can cure them all. It is a cure for the whole world of stomach weakness and indigestion. The cure begins with the first dose. The relief it brings is marvelous and surprising. It makes no failure; never disappoints. No matter how long you have suffered, your cure is certain under the use of this great health-giving force. Pleasant and always safe. Sold by Henry T. Hicks, Druggist, Raleigh, N. C.
